Dear Kurt:

Congratulations on a great article which appeared in a recent edition of the *Omaha World-Herald*. It was an excellent article with wonderful coverage of the work you have been doing with the Benson Community Garden in addition to your involvement with the Benson Neighborhood Association.

I thank you for supporting our citizens and for being such an integral part of Benson as well as the entire Omaha metropolitan area. Your excellent leadership abilities have added immense value to the quality of life for you and your neighbors.

Thank you for all that you do from a business standpoint and from a community standpoint. Your contributions to our community truly make Omaha great.

Best wishes for continued success.

Sincerely,
